Voices in Unity

Jan/Feb 2010

We are an accepting spiritual community, learning and teaching Universal truths, and affirming God in each individual.

We say goodbye to a challenging year; one of economic challenges for all, including Unity. We are ready to release all that came with this year; from economic downturns, to homes not selling, joblessness, foreclosures, political bickering, celebrities behaving badly, etc. It may be possible the challenges that touched many of us this past year,

helped us become more aware of inner strengths we didn't know we had. Did common occurrences help us connect to one another in a way we hadn't before? We are always at choice. So what do we choose to let go, to heal through or to forgive from the past year?

In the Gospel of Thomas it is written, "If you release that which is inside of you, it will heal you. If you do not bring out that which is inside you, it will kill you." We can start by healing our past, joining together as a family of humanity, move to seeing and sharing the gifts of God present within us and reach for a greater vision of our life experience. The New Year's Eve Burning Bowl ceremony is a great tool to release and let go.

In January we will welcome new Board members to the UCCEC Board of Trustees. In so doing, we say farewell to Warren Barberg who has served admirably for six years as Financial Chair. On February 14th we will welcome new members during the Sunday Service and then celebrate our Annual Valentine's Salad Luncheon & Silent Auction. See back page for details. If you are considering membership please be sure you speak with Rev Sandy prior to the 14th. I want to share a letter received the week before Christmas.

Dear Unity Board Members and all: It was joyous to be a part of the solstice celebration with the focus on children

(Tuesday night). I so enjoyed seeing friends, watching the children play, and the two dogs that were there just delighted me so! All my life I dreamed of being a part of a people who value sacred ceremony, who have a deep appreciation for Nature, allow for random playfulness, and delight in intelligent inquiry. I thought it was just a wishful dream, but I'm glad to say I was wrong. I now have experienced at our gathering the wonder of knowing the Christ Child rests within every heart space, no exceptions, and that I am also experienced that way. Thank you one and all for being here, on this planet we call earth and at this time of growth and renewal and for accepting me as I am. I am so glad to be a member of Unity Christ Center in Eau Claire. This I know when I know that I know. Namaste Mary Jackelen

Thank you Mary. I also want to express gratitude to the Unity Players guided by Nancy Hirsch, all who on a Sunday in December, allowed Spirit to express through their hearts and souls sharing with us the true meaning of Christmas. If we take the feelings and the memories; the experience so eloquently written in Mary's words and expressed through our thespians—take those into 2010 to reach in and then reach out for healing in this world, we do become the healers for our world!

Thank you all for being here; staying committed, holding on and supporting UCCEC and me during this past year. May you always know how much you are loved and appreciated!

2010. . . Go for the Joy!

UNITY CINEMA FRIDAY, JANUARY 22, 2010 - 7:00PM
“IN FOOD INC.”

DOORS OPEN AT 6:30PM

Robert Kenner lifts the veil on our nation’s food industry, exposing the highly mechanized underbelly that’s been hidden from the American consumer with the consent of our government’s regulatory agencies. Our food is now controlled by a handful of corporations that often put profit ahead of consumer health, the livelihood of the American farmer, the safety of workers and our own environment. Food, Inc. reveals surprising — and often shocking truths — about what we eat, how it’s produced, who we have become as a nation and where we are going from here.

UNITY CINEMA FRIDAY, FEBRUARY 26 , 7:00pm
“BLINDSIGHT”

Doors open at 6:30pm

“Blindsight” follows the gripping adventure of six Tibetan teenagers on their journey to climb a mountain in the shadow of Everest.

A dangerous journey soon becomes a seemingly impossible challenge made all the more remarkable by the fact that the teenagers are blind.
